

# SEAS - School Enrollment & Admission Software

Convenient For Parents - Easy for School  
Management

For Schools, Montessori,  
Playgroups, Tuition &  
Children Activity Centers

**eTeam**  
Enterprise Team

**SEAS** is an online School Admissions & Enrollment Software designed to organize, automate and integrate information in most accurate and reliable manner, making the admission process easy for parents and school administration.

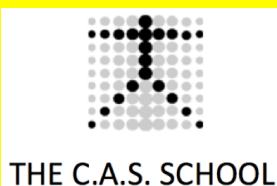

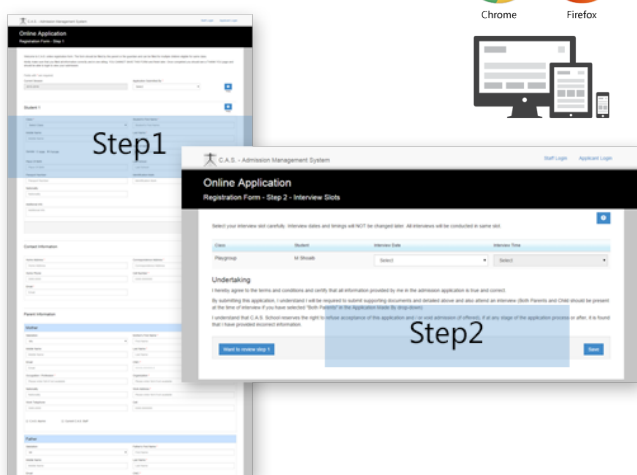

## Why SEAS?

SEAS considerably improves your admissions and enrollment process and sets your school apart by offering:

- Secure and easy-to-use user interface
- Eliminates extra manual work through automation
- Avoids duplication in data entry through proper validation
- Simple and convenient online experience for applying parents and school management

SEAS is a completely automated solution, eliminating hundreds of hours of data entry on behalf of school admissions staff. All data entered by a prospective family or student using SEAS Online Forms flows seamlessly into the system for tracking, communication, analysis, and decision-making.

Application Interface:

**Since 2015 CAS  
School Playgroup  
Admissions are  
being successfully  
managed using  
SEAS.**
