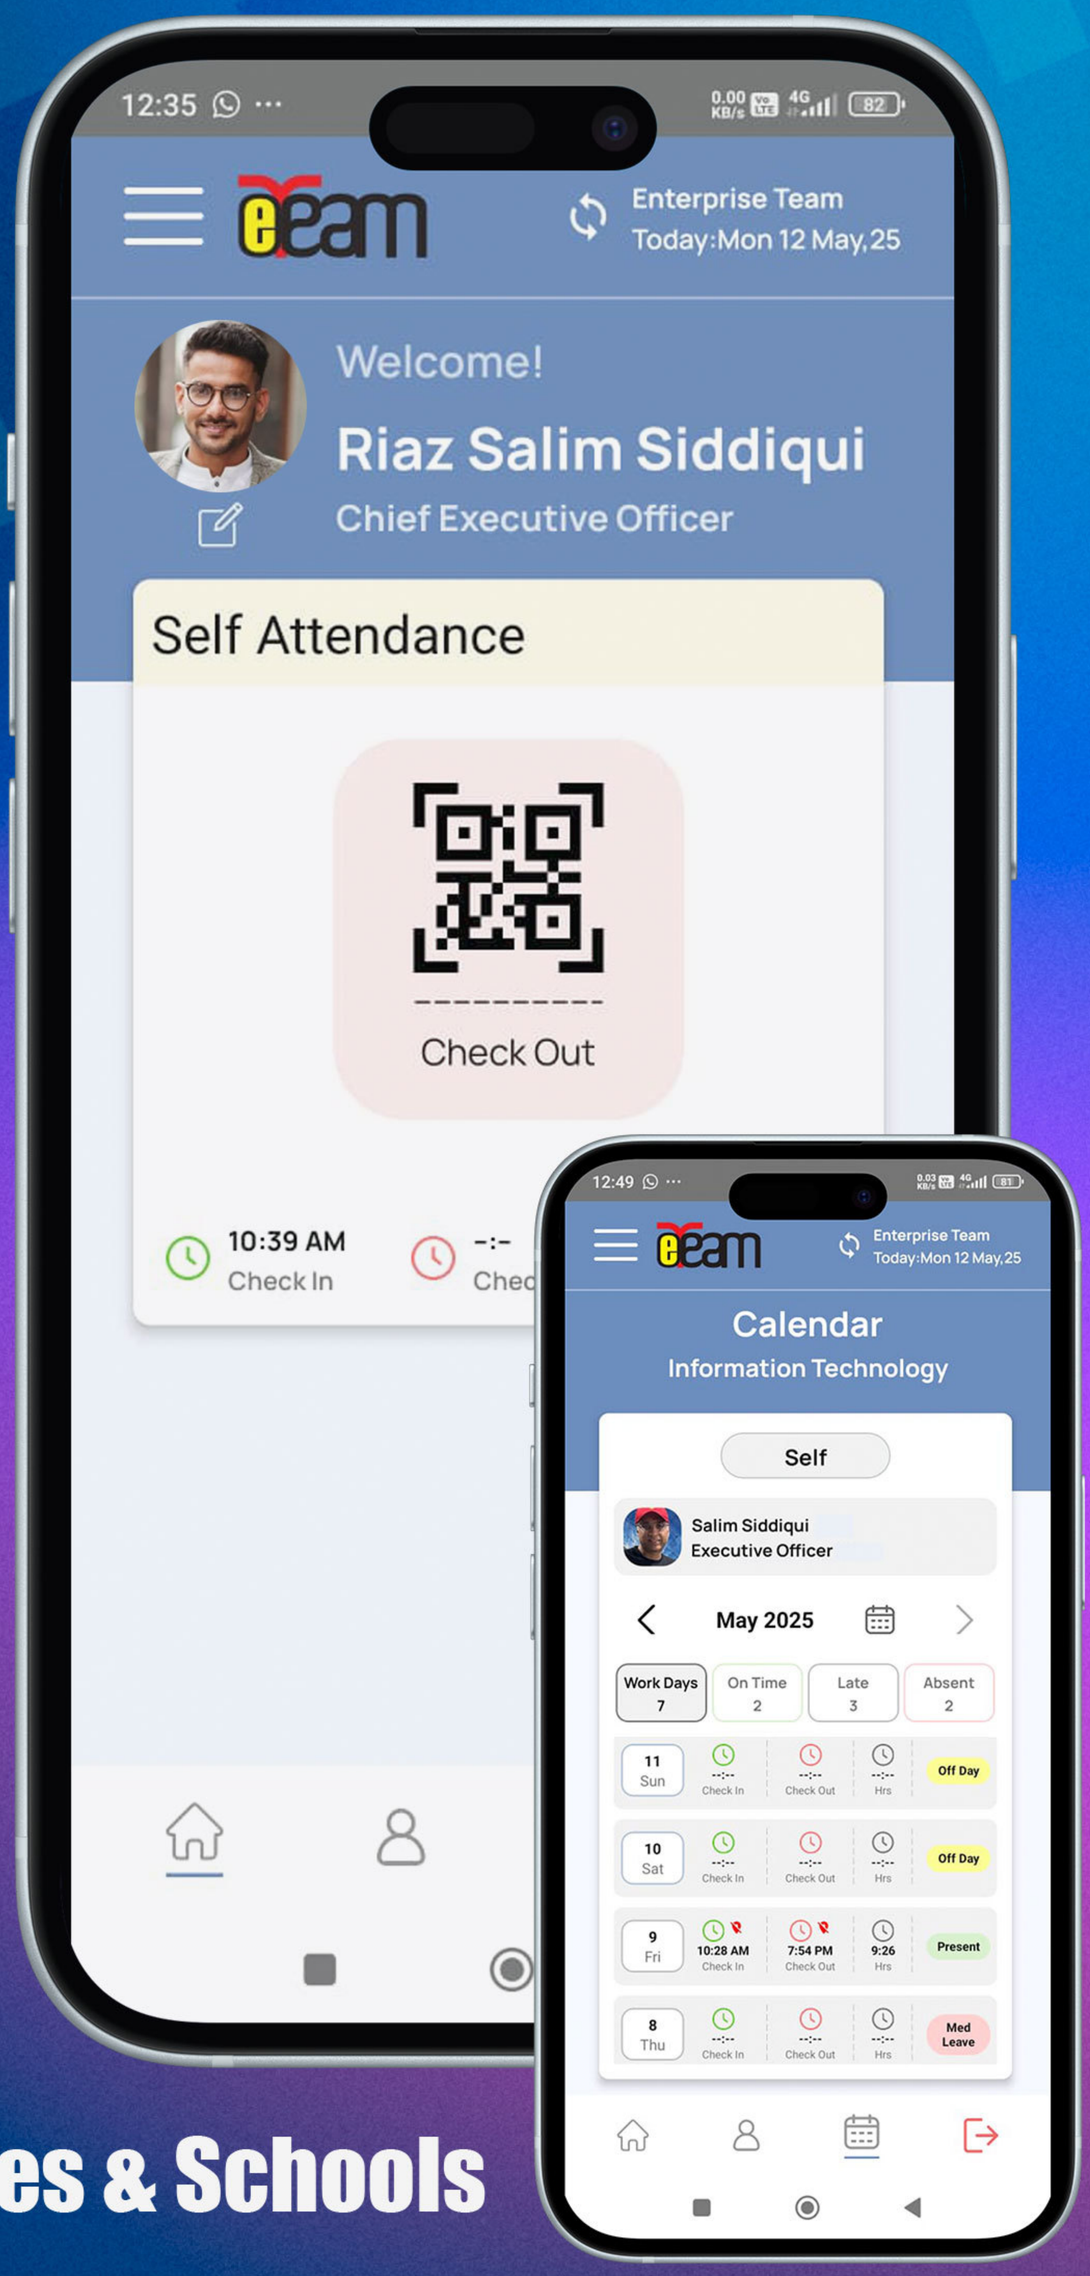
# SMART QR BASED ATTENDANCE MANAGEMENT SYSTEM

## eTrack - Attendance

Built for organizations that prioritize accuracy and efficiency, eTrack combines seamless QR code and location-based check-in/check-out with a user-friendly interface. It empowers staff and HR teams through real-time visibility, automated reporting, and smooth access across web and mobile platforms—all wrapped in an intuitive, pleasant user experience.



## Why eTrack?

**100% Contactless & Paperless**
QR-based system eliminates manual logs & physical biometrics.

**Boost Accountability & Transparency**
Clear and real-time visibility on the web and mobile app for both employees & management.

**Time-Saving Automation**
Forget manual spreadsheets—auto-generated records & reports.

**Flexible for Office & Remote Teams**
Whether in-office or WFH, attendance is just a scan away with location tracking.
