

# eJPMS - Enterprise Job Posting & Management Software

Job Postings | Online Applications | Interviews & Hiring | Applicant Database

Ideal for SMEs and Large Enterprises  
to manage recruitment in real-time  
for multiple jobs at different locations.

  
Enterprise Team

**eJPMS** ensures that  
creating jobs,  
collecting applications  
and hiring the right  
candidate becomes a  
process as smooth as  
silk.

## Why eJPMS?

Because eJPMS helps you post jobs, review applications, schedule interviews and hire applicants — all at one place with the following features:

- Post different jobs & attract best talent
- Branded job postings on your website
- See and manage all the applicants who have applied for your job openings
- Add your comments about the candidates & shortlist those who you think are suitable and schedule interviews

Job seekers visit your website when they are interested in working with you. Your branded career pages showing current openings allows them to easily apply for jobs.

Application Interface:

The screenshot displays the eJPMS application interface. The dashboard includes a 'TOTAL JOBS POSTED' counter showing 26 jobs, and a 'JOBS POSTED (LAST 6 MONTHS)' counter also showing 26 jobs. There are two bar charts: 'Total Jobs Posted (Location wise)' and 'Total Jobs Posted (Last 6 Months)'. A 'Change Status' modal window is open, showing fields for 'Status' (Interview), 'Interview Date\*' (4:07 PM), and 'Interview Venue\*' (LRBT Central Office, Karachi). Below the modal, there are 'Rejected 1' and 'Pending 46' indicators. The interface also features a 'Best View On' section with Chrome and Firefox browser icons and a mobile device icon.

## Advantages eJPMS

- Complete User & Role Management
- Follow application lifecycle on your dashboard
- Multi-country, multi-city | multi-branch/office hierarchy
- Boost your job's visibility and target the right candidates by promoting your job on your Website
- Seamlessly publish and monitor job openings
- Engage your team to implement your talent strategy and drive business growth
- Gives visibility to different team members to encourage active participation from all
- Building relationships with potential candidates in the future
- Access all applications in a single list view
- Email templates to efficiently communicate with your candidates
